AO, a leading full-service architecture firm with design expertise spanning the full commercial real estate spectrum, is excited to announce the appointment of Bob Dollar as the firm's newest Principal. Dollar has spent most of his architectural career specializing in hospitality, casino, gaming, entertainment and mixed-use projects both domestically and abroad. With more than 35 years in the industry, he has built a reputation for his expertise, leadership, and vast knowledge in all aspects of design, development, and project management. Bob has led diverse teams through the conceptualization, planning, design development, documentation, construction, and completion of premier projects for the leading gaming companies in Las Vegas, Macau, Atlantic City, and across the United States for clients including MGM Resorts International, Caesars Entertainment, Hard Rock International, Station Casinos, and numerous tribal nations.

Dollar is a licensed architect in California and Washington and holds a Bachelor of Architecture from the University of Southern California. He brings to AO a global perspective, extensive professional experience, and keen ability to partner with visionary clients to create exciting worldwide destinations.
